The Second World War was the greatest armed conflict ever witnessed by mankind. Thousands of young Americans would find themselves serving in far-flung battlefields around the world. It was these individuals, The American G.I., who made the ultimate sacrifice to rid the world of tyranny.

This Living History / Historical Re-Enactment Group consists of individuals, from all over New England, who are dedicated to preserving the history of these remarkable men. By participating in living history displays, static displays, authentic battle re-enactments, parades and veterans events, we help to bring the story of the Yankee Division and the United States G.I. "Infantry Soldier" in WWII to life in the present day.

If you have an interest in World War Two, U.S. Army Military History, American Soldier or just want to experience the life of a G.I. in a Rifle Company, Then take pride in your YANKEE DIVISION and join us in Living History.
