WWII Living History / Re-enacting

This unit portrays the 26th Infantry Division, 104th Infantry Regiment, World War Two.

We are a WWII Re-enacting unit located in the New England area.

We are driven to accurately portray the 26th Infantry Division United States Army Soldier. Since the 26th Division was activated for the duration of the war, we use a wide range of US Army uniforms worn from 1941-1945.

Our mission is to commemorate the US Army WWII Infantryman by using the period authentic manuals, uniform's, field gear, equipment and most of all, interpreting the history of the "Yankee Division" soldier, as he lived, through the guidance of the unit history books and memoirs of those who served the United States of America during World War Two.

Precedence is placed on original uniforms, gear and equipment, "however" good quality reproductions are welcomed, when approved by the authenticity officer or designee.

We welcome anyone with a passion for World War Two US Army History, the enjoyment of commemorating the greatest generation and WWII Re-Enacting/ Living History, to join the ranks of the 104th Infantry Regiment, and 26th Infantry "Yankee" Division.
