### Multiple Choice Questions -- (circle the best answer)

1. When I pick up or receive a firearm from someone else, the first thing I must do is:
  - a. Engage the safety
  - b. Release the trigger
  - c. Open the action/bolt
  - d. Control the muzzle (point it in a safe direction)
2. After I pick up or receive a gun and have made sure the muzzle is pointing in a safe direction, the second thing that I must do to make sure it is safe is:
  - a. Dry fire the gun to see if it works
  - b. Check the action or bolt to be sure it is unloaded and open
  - c. Give the gun to an adult
  - d. Take it to the range
3. The most important component of firearm safety is:
  - a. The trigger
  - b. The action
  - c. The muzzle
  - d. The person holding the firearm
4. If I am with someone else who is handling a firearm unsafely, I should:
  - a. Wait for an officer to show up
  - b. Mind my own business and hope nothing bad happens
  - c. Ask that person to use the firearm safely immediately
  - d. Tell that person to put the gun away
5. The proper time to load a firearm is:
  - a. When taking it out of its case
  - b. When joining a formation
  - c. Before marching off to battle
  - d. Just before firing and when ordered to do so by an officer
6. The proper time to place the index finger on the trigger is:
  - a. After loading the firearm
  - b. When I start to put the firearm in position on my shoulder
  - c. After I start to aim at my target.
  - d. Whenever it feels right
7. When reenacting a battle, I should not fire when
  - a. Someone is within 50 feet in any direction
  - b. Someone is within 50 feet of the muzzle ahead
  - c. Someone is within 50 feet in front of the muzzle or to the side of the muzzle
  - d. You can fire anytime in a reenacting battle
